>
 > Greetings All!
 >
 > The letter attached below is an invitation for consultation on
 > re-issuance of National Pollutant Discharge Elimination System (NPDES)
 > General Permits for Oil and Gas exploration activities in Cook Inlet,
 > Alaska. The letter was mailed to tribal leaders November 15, 2012.
 >
 > EPA will hold an informational teleconference for interested
 > representatives of Cook Inlet Tribal Governments this Thursday December
 > 1, 2012 at 9:00am Alaska. The call in number is 866-299-3188, and the
 > conference code is 907-271-1272#. Please let Project Lead Cindi Godsey
 > know as soon as possible if you or any other representatives plan to
 > participate, and/or if you would like her to offer a 2nd call at 1:00pm
 > Alaska.
 >
 > Summary
 > The NPDES General Permit for Oil and Gas Facilities in Cook Inlet
 > (AKG-31-5000) will expire on July 2, 2012. This general permit covers
 > exploration discharges in state and federal waters, and existing
 > production facilities discharges in state waters. Existing dischargers
 > that reapply in a timely manner will continue to have permit coverage
 > once the Cook Inlet General Permit expires. EPA plans to reissue the
 > exploration components of the Cook Inlet General Permit. We intend to
 > divide the coverage for exploration into two general permits, one for
 > state waters and one for federal waters. When the State of Alaska is
 > authorized to administer the Alaska Pollutant Discharge Elimination
 > System (APDES) for oil and gas in October 2012, the administration of
 > the exploration general permit for state waters will transfer to the
 > Department of Environmental Conservation (DEC), while EPA will retain
 > the exploration general permit covering federal waters.
 >
 > EPA has asked that requests for consultation be submitted by Thursday
 > December 15. For more information or to request consultation please
 > contact Cindi Godsey at 907-271-6561 or godsey.cindi@epa.gov.
